

**Combining
Moulded Pulp &
Corrugate Packaging**

 **Cullen**
ECO-FRIENDLY PACKAGING

By **Cullen**, a combination of moulded pulp and corrugate packaging provides a safe and versatile transportation pack for bottles and cans.

It's the ideal solution for breweries and home deliveries.

- **Versatile:** Suitable for various applications, it can be used for glass bottles and cans of various sizes
- **Safe:** Ensure protection against any damage during the transportation
- **Eco-friendly:** Made only of recycled materials, 100% biodegradable and compostable
- **Convenient:** Comes as a flat pack and ready in seconds - no assembly required
- **High Quality:** Sturdy and reliable
- **Made in the UK**
